INFORMATION DISCLOSURE STATEMENT

Mail Stop Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

This IDS is submitted under 37 C.F.R. §1.97(b) within any of the following time periods, whichever occurs last:

- (a) within three months of either the filing date of the application or the date of entry into the national stage; or
- (b) before the mailing date of First Office Action on the merits (i.e., not including actions such as restriction requirements); or
- (c) before the mailing of a First Office Action after the filing of a Request for Continuing Examination.

Applicant(s) submit herewith Form PTO-1449 (Information Disclosure Citation) together with copies of foreign patents, publications or other information of which applicant(s) are aware, which applicant(s) believe may be material to the examination of this application and for which there may be a duty to disclose in accordance with 37 C.F.R. §1.56. Applicant(s) respectfully submit that the citation of any reference on Form PTO-1449 does not constitute an admission that the reference qualifies as prior art.

Also enclosed is a copy of an English translation of an Office Action from a Japanese Application.

It is requested that the information disclosed on the enclosed Form PTO-1449 be made of record in this application.

The Commissioner is hereby authorized to charge any additional fees which may be required to this application under 37 C.F.R. §§1.16-1.17, or to credit any overpayment, to Deposit Account No. 07-2069. A duplicate copy of this sheet is enclosed.

Respectfully submitted,

APPLIED STATUE Article 29, second paragraph

FINAL

This application is deemed rejected based on the reasons noted below. Any comments to this action should be submitted within 60 days from the mailing date of this Notification.

GROUND

The invention pertinent to claims identified below are deemed not patentable according to the provision of Article 29, Second paragraph of Patent Act as the invention was easily made by a person skilled in the art before the application thereof based on the inventions described in the publications below, which were distributed in Japan or in foreign countries or based on the inventions that became available to the public via electric communication line, before the application thereof

NOTES

CLAIMS 1-16
REFERENCES 1-4

REMARKS

References 3 and 4 disclose the construction of forming an electrode formed of the same material as the pixel electrode in a non-display area in the same potential level as the opposing electrode. Because the manner of how to dispose this electrode is merely the matter of design choice, the invention pertinent to claims 1 - 16 of the present invention can be easily made by a person skilled in the art based on the inventions disclosed in References 1 through 4 or the technology of state of the art.
